The C.C.F was consulted by the C.R. & he is of opinion that the area selected by the military authorities for field firing practices is very frequently visited by the Royal party for shikar purposes & hence it seems better to refuse the permission. (Vide flag "F")

Sir,

Subject:- Field Fire Practices for the Jodhpur Lancers Stationed on Nanjangud-Gundlupet road.

I have the honour to enclose herein for your information a copy of report dated 19th December 1943 received from the Sub-Division Officer, Nanjangud, on the above subject together with its enclosures in original. As it is seen from the requisition of the Officer commanding the Jodhpur Lancers, Gundlupet, that they desire to commence the practices from the 24th instant, early orders of Government may kindly be obtained and communicated to me, after consulting the Chief Conservator of Forests in the matter. Mr. T.H. Amir, the Civil Representative has, however, reported that there is no state forest or game reserve within a distance of about two miles round about the Field Firing range, except shrub jungle, and that the area asked for the purpose might be given subject to the usual conditions.

I have the honour to be,
Sir,
Your most obedient servant,
Sd/ C.M.H. Ranajodha Singh,

Deputy Commissioner,
Mysore District.

HSS.2.

Copy of the foregoing with a copy of the report of the Sub-Division Officer, Nanjangud, is forwarded with compliments to the Chief Secretary to the Government of Mysore, Bangalore, for kind information and communication of orders of Government in the matter at an early date.

Sir,

Subject:-- JUNGLE WARFARE TRAINING.

--

I have the honour to forward herewith a copy of the letter No. T.C. 130/43-44 dated 20th December 1943 from the Deputy Commissioner, Mysore District on the above subject.

2. The Officer Commanding the Jodhpur Lancers, one of the Units now under training in Gundlepet, has asked for permission for field firing practice in the area indicated in the accompanying sketch. The Civil Liaison Officer, Gundlepet has inspected the area and has reported that there is no State Forest or game preserve within a distance of about 2 miles round about the Range and that the permission asked for may be granted.

3. There-upon, I consulted the Chief Conservator of Forests. I am sending herewith a copy of his reply which speaks for itself. In the circumstances explained by him, it seems to me that the permission asked for ought to be refused.

4. I am asking the Deputy Commissioner, Mysore to advise the military officers concerned to have their firing practice either in the area between the mile 128 and 130 on the Gundlepet-Sultan Battery road or in the portion of the Berambadi State Forest where the 27th Field Regiment was permitted to have their firing practice. I may add that permission has already been granted by Government for carrying out firing exercises in these areas, vide G.O. No. W. 910-12/

Re: Jungle warfare training Gundlupet - Sultan Battery area.

With reference to your letter No. C.L.O. 188/43-44 dated the 22nd instant on the subject, I have the honour to state that the area selected for Field Firing Practices by the Jodhpur Lancers, being just about two miles from the Onkareswara Tiger Block which is very frequently visited by the Royal party for shikar purposes, it seems better to refuse permission if possible for Field Firing in that area as it is sure to disturb and scare away tigers from the adjacent preserve and render it useless as a Tiger Block once and for all.

The enclosures are herewith returned.
